Organizes One Day National Seminar

On

'Organic Farming: Importance and Marketing'

2022-23

REPORT

Department of Economics, Commerce, Commerce (IT) and IQAC organized One Day National Seminar on 'Organic Farming: Importance and Marketing' on 11th February, 2023. The main objective of this seminar is to create awareness about organic farming and to provide collaborative platform for farmers and experts to share the knowledge and ideas about organic farming, organic products and its marketing. This will help farmers to get some new insights in the agriculture.

In Inaugural session Dr. Chetan Narke addressed farmers regarding organic farming, organic products and their marketing. Prin. Dr. L. D. Kadam in his presidential speech stated need of organic product in daily life.

In first session Shri. S. B. Bagal, Member of OFAI, expressed his views regarding new concepts coming in organic farming and their implementation. Mr. Rahul shete, Sarpanch of Herle was president of this session. He expressed his views regarding actual problems faced by farmers in marketing of organic farming.

In second session Mrs. Rupali Mali agricultural entrepreneur suggest that all farmers should make organic farming which is useful for human health.

In Valedictory session Shri. Vikrant Patil addressed the farmers. This seminar became very useful for farmers. This seminar become successful under the guidance of Prin.. Dr. L. D. Kadam.

Outcomes

- ★ Farmers, Students & faculty became aware about organic farming.
- ★ This Seminar provided platform to farmers and experts to share their ideas.
