Industry Visit
“Walstar Technologies Pvt. Ltd”

Date: 29th April 2023

Report

We the department of Computer Science, organized an Industrial Visit for the students of 6th semester Computer Science at “**Walstar Technologies Pvt. Ltd, Kolhapur**” on **29th April, 2023**. Motto of this visit is that our students get knowledge about latest Technology in IT world. And also about to know the different languages for web/software development & current scenario of IT.

“**Walstar Technologies PVT. LTD.**” is an offshore development outsourcing IT company. Walstar Technology Private Limited is one of the fastest growing and leading IT Company from Kolhapur Maharashtra we enable more than 2000 clients to transfer their business through various technologies by providing services like website design, website development, mobile app development, digital marketing services and many more our team of 300+ walstarians make it happen across 4 branches. They believe in maintaining punctuality and quality is our key area to deliver splendid work.

Session 1: Presentation about Latest Technology & work in IT world

Ms. Asmita patil had given welcome speech & also given introduction about the company. She has explained about different technologies available for computer Students. Also explained in detail about various platforms available for web development, software development, and mobile application development. She explained history of company, which type of the facilities they are providing to the clients & also explained an importance about digital marketing & social marketing.

Session 2: Experience Zone

During this session all the students have visited company where all the employees are doing work. Siddharth Chavan of the Walstar Technologies had explained about all the departments of the company. Departments are namely Web Development, Digital Marketing, Android Development, IOS Development; QA & Project Planning & more than 300 Employees are working there. Really this was a fruitful visit for our students because they explained to our students how they are

working & about an industry atmosphere & about technology. Students were very excited to know this information.

Session 3: Question Answer

In this session they asked to students if anybody having doubt in any projects related or any specifications. During the Interaction between industry expert & our students they guided to all the students about how to get selected for Internship in the same company through pool drive.

Outcomes:

1. This visit was very informative & interesting for our students.
2. They cleared all doubts about web development & latest technologies in Computer Sector.
