DEPARTMENT OF ZOOLOGY (2022-23)
PLANTATION ACTIVITY FOR BUTTERFLY GARDEN
REPORT

Date: 17 /10/2022

Butterflies are the wild indicators of the ecosystem; they tell us everything about the healthier ecosystem. Department of Zoology has taken initiative to conserve such healthier ecosystem by establishment of butterfly garden. First step to this initiative was taken as plantation of various plants specific for butterflies. Students from B.Sc. III and B.Sc. I brought specific plants and successively planted them in botanical garden. Plants such as citrus, snake weed, curry leaves, life plant, lantana were planted. Students also planted seeds of rattle pods. This activity was under the able guidance of Dr. V. A. Kamble and Smt. D. A. Malvekar from department of zoology and motivation by Principal honourable Dr. L. D. Kadam.

Outcome: 1. Students get familiar with different types of host plants for butterfly
2. They learned about importance of butterfly for healthy ecosystem

No. of beneficiaries: 15
