Wallpaper Activity on Women Freedom Fighters of India

Date: 15/08/2023

On the occasion of India's 76th Independence Day, our Department of Chemistry undertook a significant initiative to pay homage to the **remarkable women freedom fighters** who played a pivotal role in India's struggle for independence. The event took the form of a wall paper activity **aimed at educating and inspiring the academic community about the selfless dedication and courage displayed by these extraordinary women.**

The inauguration of this noteworthy event was graced by the esteemed presence of our Hon'ble principal, Dr. L.D. Kadam. With his auspicious hands, the event was officially inaugurated, signifying the importance and reverence attached to the topic. His insightful words echoed the significance of recognizing and celebrating the contributions of women in India's freedom movement. Two of our diligent students, **Mr. Aftabh Gadkari and Ms. Sakhi S. Sawant** took centre stage to enlighten us about the exemplary lives of the women freedom fighters. Their well-researched presentation encapsulated the struggles, sacrifices, and unwavering determination exhibited by these valiant women. Their efforts not only enriched our understanding of history but also kindled a sense of respect and admiration. **The event aimed to shed light on the remarkable stories of women who defied societal norms and displayed remarkable courage for the cause of a free India. From Rani Lakshmibai's valorous fight in the First War of Independence to Sarojini Naidu's poetic prowess that stirred hearts, and from Begum Hazrat Mahal's fearless leadership to Kamala Nehru's tireless support, the spectrum of their contributions was indeed awe-inspiring.**

The event concluded with a heartfelt vote of thanks delivered by Prof. Dr. P.B. Piste, the Head of the Department of Chemistry. She expressed gratitude to all those who contributed to the success of this event and underscored the importance of honouring the legacy of these brave women and emphasized how their sacrifices continue to serve as a guiding light for our generation. The program witnessed enthusiastic participation from both students and Chemistry staff members. Their presence underscored the collective appreciation for the courage exhibited by these women who stood shoulder to shoulder with

their male counterparts in the struggle for freedom. It was truly heartening to witness the entire academic community coming together to commemorate these extraordinary lives.

Outcomes of Wallpaper Activity

- Wallpaper Activity Helps Student on keep Track What They have
- Help them to Make Connection and to develop Coherency between ideas, Tasks and Lesson
- Students Have Opportunities to improve their Leadership and interpersonal Skills
- It also Increase their Self Confidence and Discussion Capability.
- It also Promotes nationalism and Patriotism towards the nation .
