**World Population Day**

Report (2019-20)

Department of Commerce celebrated World Population Day on 13<sup>th</sup> July 2019. Department organized guest lecture of Prof. Patil A.C., on 'Effects of India's Population on environment.' The object of this celebration is to aware the students about explosion of Population Causes, Effects and Remedial Measures..

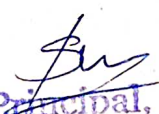

Prof. A.C.Patil expressed his views regarding :

1. Adverse effects of heavy population on social, economical and cultural human lives.
2. How the heavy population became hurdles in economic development. Remedial measures for controlling population.
3. It is one of the reasons of next world war. Remedial measures for controlling population.
4. Remedial measures for controlling population.
5. It is important to control the population for peace of entire world.

This eminent lecture became useful to create awareness about controlling population and our role to implement it among the students.

Total 103 students were presented for this function. H.O.D. of Commerce Prof. Lavekar S.S., introduced the object and importance of this guest lecture . Dr. Rajamane M. R. awarded vote of thanks and Prof. Mujawar M.N., Prof. Pujari S.R. were specially Present for this lecture.
