Report on
"Fresher's Function"
2026-27

Date: 27/08/2026

The Department of Computer Science organized a **Fresher's Welcome Function** for the academic year 2026–27 to warmly welcome the newly admitted **First-Year B.Sc. Computer Science Entire** students into the Computer Science family on **25/08/2025**. The Function was organized with the active involvement of **Second-Year and Third-Year students** under the guidance of Principal Prof. (Dr.) D. R. Bhosale and the faculty members of the Computer department.

The event was organized with the intention of giving new students a comfortable and enjoyable start to their college life. It provided an informal platform where students could meet their classmates, interact with senior students, and get acquainted with the faculty and departmental environment.

The Function included a variety of **ice-breaking activities, introductory sessions, games, entertainment activities, and student performances**. The First-Year students participated actively and enthusiastically in the activities. The senior students interacted with the newcomers and shared their experiences about college academics, practical work, examinations, projects, and opportunities in the field of Computer Science.

Overall, the Fresher's Welcome Function 2026–27 was a successful departmental activity that brought students from different years together and helped establish a friendly and supportive atmosphere within the Computer Science Department. The event ended on a cheerful note with a vote of thanks and a group interaction, creating a positive beginning for the new academic year.

Outcomes:

- First-Year students became more familiar with the **departmental environment and senior students**.
- The programme encouraged **active participation and self-expression**.
- Senior students developed **leadership, coordination, and organizational skills**.
- Students received motivation to participate in **academic, technical, cultural, and departmental activities** during the academic year.

Beneficiaries: 85
