Extension activity

Introduction of Wild Vegetables

Date: 19/09/2019

The department of Botany organized 'Extension activity of Wild Vegetables' on 19th September, 2019 in Kadamwadi and adjoining area. The event was introduced by auspicious hands of Dr. P. N. Nagane, Head and Asst. Prof. Department of Botany, Kolhapur in presence of Dr. S. P. Rode, Dr. R. B. Chavan, and Dr. V. B. Chopade faculties of other departments. In that event, 120 participants and students were actively participated.

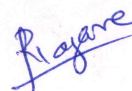

Objective of the event was to aware the local people about the importance of wild vegetables and their useful part. The B.Sc. students (Botany learners) collected the wild vegetables from their adjoining area, identified it, and surveyed the available literature related to vernacular name, medicinal plant parts, food value and active constituents of those plants and the information was told to local people. Dr. Rode S. P. guided the students for literature survey and collection of plants.

Near about 120 participants, students and faculty members were actively participated in the event. With the help of all Teaching and Non teaching staff the programme was successfully completed.
