A Lecture and Practical Session on
Meditation: OM Chanting

A Report

Date: 21st June 2022

Department of Physical Education organized a lecture and practical session on the topic 'Meditation : OM Chanting' on the occasion of 8th International Day of Yoga. The said activity was arranged under Azadi ka Amrit Mahotsav, on 21st June 2022 at 8.30 am. Mr. G. M. Lawangare, Head, Department of Physical Education gave introductory speech. Hon. Smt. Rucha Sundarani and Smt. Divya Jyothani, representatives of OM Mandali Institution, Gandhinagar, Kolhapur elaborated on the benefits of meditation and Om chanting. They stressed on meditation as an important aspect in today's busy life. Practicing meditation and Omkar chanting daily enable us to be stress free and motivates us to lead our life positively. Smt. Divya Jyothani demonstrated and taught how to do Omkar chanting. All the teaching, non-teaching staff and students participated in this practical session. Hon. I/C Principal Prof. (Dr.) V. V. Killedar chaired the session and guided participants about importance of meditation and stress free life. Dr. V. P. Nangare, Director of Physical Education expressed vote of thanks. Separate sessions were carried out for staff and students. Sixty-two students and 50 teaching and non-teaching members of staff actively participated in this activity.

I am thankful to Hon. Principal Prof. (Dr.) V. V. Killedar and Hon. Vice-Pincipal Dr. K. V. Gaikwad for their motivation and guidance for organizing the activity. Thanks are due to all the participants for active participation in the activity.

Duration : 20 days

Course Fee: Rs. 500/-

Eligibility: It's suitable for undergraduates, graduates and researchers from any field that uses statistical computing.

Minimum intake Capacity: 20

Objectives of the Course:

This course aims to provide a practical introduction to the R programming language.

- In this course you will learn how to program in R and how to use R for effective data analysis.
- This course covers practical issues in statistical computing which includes programming in R, reading data into R, accessing R packages, writing R functions,
- R code for in statistical data analysis will provide working examples and running summary statistics and visualizations and simulations from various distributions

Learning Outcomes : By the end of the course students you shall be confident and equipped with all the knowledge required to perform analytical activities in R. Specifically,

- A new way of thinking
- Download and Install R
- A new language for speaking and reading (vectors, data frames, functions, objects, etc.
- A new syntax for writing, e.g. c(), print(), cat(), sort(), require(), subset() for data analysis and presentation .
- Understand the concepts of objects and assignment
- Construct tables and figures
- Load a script file, run lines from it, edit and save the script file.
